ABOUT AQUVA

The company Aquva International Ltd was incorporated at Kampala Uganda, in the month of June, year of 1994 under the Uganda Investment Authority linsence No. MSD/00003 - 41481; having its corporate head office in Nairobi - Kenya.

The company was established to cater for the growing needs of engineering equipment and industrial hardware by various industrial sectors of Uganda. Over a period of more than twenty years since its inception in 1994, this group has successfully established its name in the various cross - sections of industries in Uganda, as dependable supplier of numerous engineering equipment, industrial hardware, tools and consumables.

OUR OBJECTIVE

The company is currently engaged in large scale wholesale and retail trading activities of engineering equipments and industrial hardwares being supplied to various core industries of the country and to neighboring countries like Tanzania, Rwanda, Eastern D.R.Congo, Southern Sudan.

In view of the growing demand in the Industrial sector of Uganda and its neighborhood countries for the various industrial finished products, our company has decided to put up a manufacturing / fabrication facilities in relation to our activities for value addition.

ASSET

HITACHI ABBRASSIVE PRODUCTS

We have a wide range of abbrasive items

AGRICULTURAL EQUIPMENT & MACHINERY

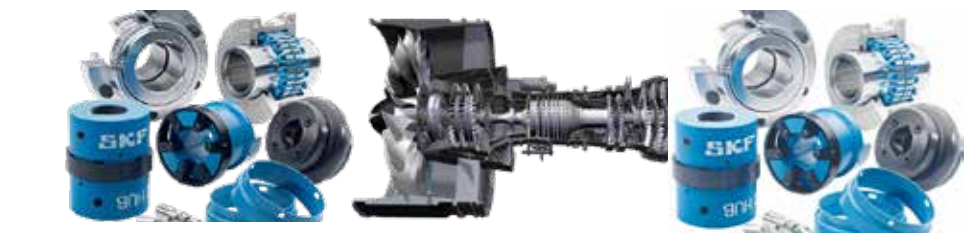

SKF BEARINGS & MAINTENANCE TOOLS

AQUVA INTERNATIONAL LIMITED

Authorized Industrial Distributor

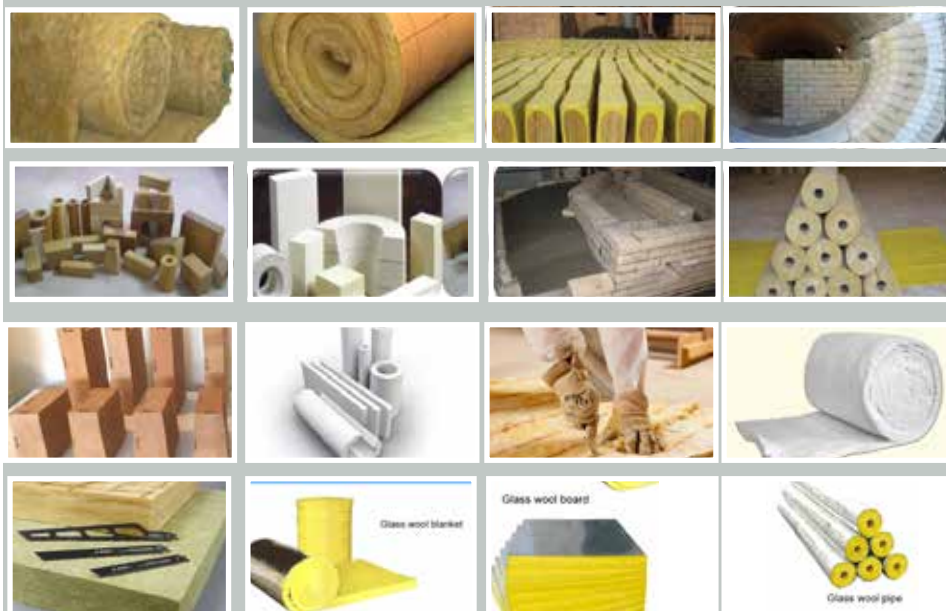

MAITHAN CERAMICS INDIA BOILER CEMENT

We have all types of refractory cement like: HT, Catable Cement, Fondu Cement, Fire Clay, Fire Bricks Etc. These include, boiler bricks like Alumina, Insulation in different shapes.

BOILER INSULATION MATERIAL

We keep in stock glass wool with aluminium foils, rock wool sheets & rock wool pipe lugging, ceramic Blanket.

CARBON STEEL PIPE & FITTINGS

All types of mild steel seamless pipes & fittings

COMPRESSORS

 **Chicago
Pneumatic**

CASTOR WHEELS

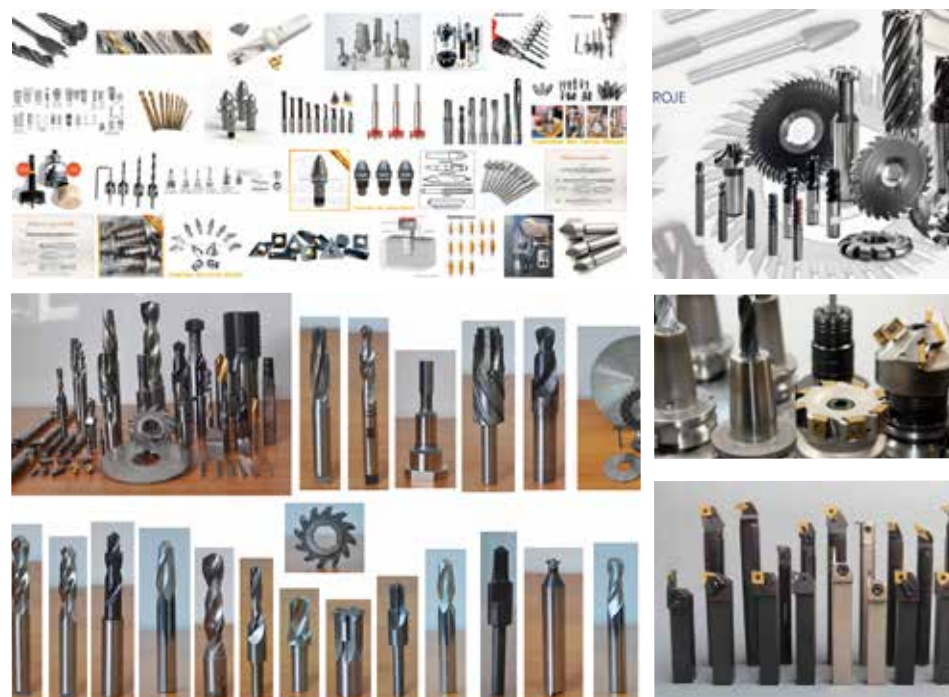

CARPENTRY MACHINES

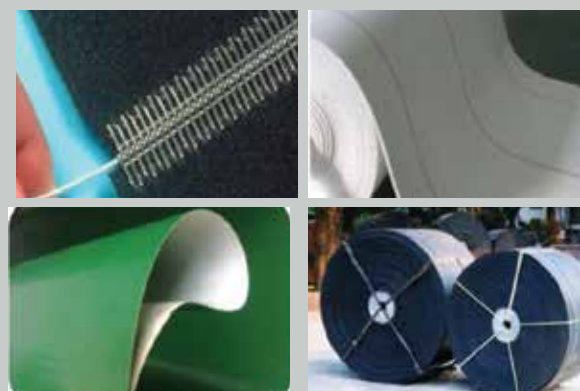

CONSTRUCTION MACHINES

CUTTING TOOLS

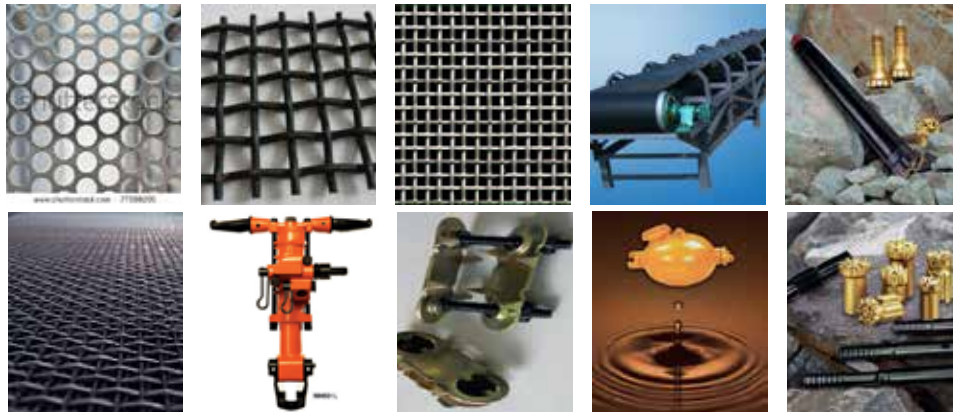

CONVEYOR BELTS

We are well stocked with:
 Rubber Conveyor Belt:
 500mm - 1000mm
 Cotton Conveyor Belt:
 18", 20", 24" & 32" Width
 PVC Conveyor Belt:
 1m X Running length

CRUSHER SCREEN & QUARRY PRODUCTS

GARAGE EQUIPMENT

GASKET

HAND TOOLS

GENERATORS

Authorised distributor of Himoinsa Generators in Uganda

HOSES

We stock:

- PVC Hose pipes
- Rubber air hose pipe
- Compressor hose
- Fuel Suction
- Delivery hose
- Oil dispensing hose
- Rubber gas hose
- Milk hose
- Steam hose pipes ETC

HYDRAULIC PIPE, FITTINGS & VALVES

We stock full range: Hydraulic hose pipe with end fitting, Hydraulic valves & fittings. We also have, Hydraulic pipe crimping facility

JOINTING MATERIALS

These include:

- Graphite gland packing
- Asbestos free gland packing
- High temp gland packing

MEASURING INSTRUMENTS

We stock:

Vainer guage
Screw pitch gauge
pressure guage
Temperature guase
Dail indicator etc

PETROLEUM & FUEL STATION PRODUCTS

PUMPS & MOTORS

PNEUMATIC PRODUCTS

POWER TRANSMISSION PRODUCTS

ROPES

POWER TOOLS

PULLING & LIFTING EQUIPMENT

INDUSTRIAL SAFETY ITEMS

STAINLESS STEEL PRODUCTS

SHAFTS & SHEETS

We stock full range:

MS shafts, Bronze shafts, Nylon shafts, Teflon shafts, bass shims, Copper shims

SURVEYING EQUIPMENT

TEA FACTORY SPARE PARTS

VALVES

For Water Application:

Valves for Boiler line, Steamline, Oil & gasline:

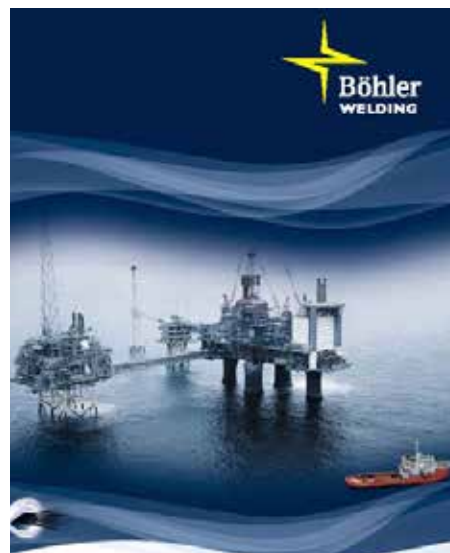

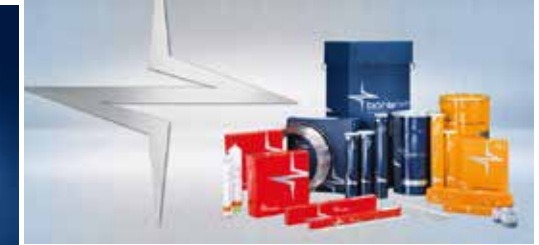

WELDING ELECTRODES

Electrode:

Bohler:

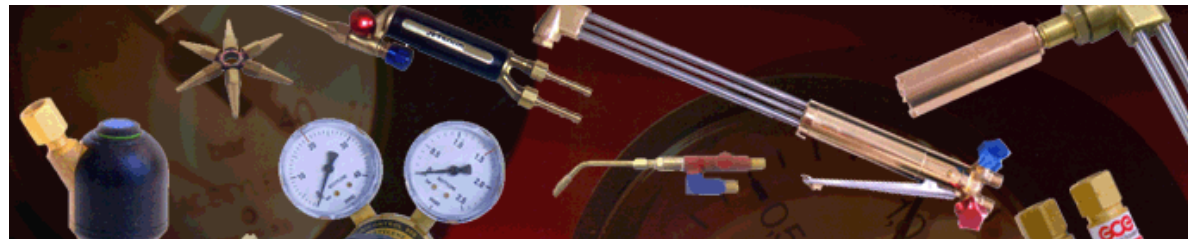

WELDING CONSUMABLES
FOR THE OFFSHORE INDUSTRY

Powercon:

The Allrounders RT 400 & RT 600 Thyristorised Welding Rectifier

POWERCON
POWERCON ELECTRIC

**THE
ALL ROUNDER**

- CONFORMS TO IS 4559
- HIGH CAPACITY
- MATCHLESS QUALITY
- ROBUST CONSTRUCTION
- EXCEPTIONAL RELIABILITY
- SUPERIOR WELDING PROPERTIES

POWERCON offers **RT series** of thyristorised Welding Rectifiers, for different types of welding application including Pipe Welding. Due to the robust construction with heavy underframe and two large wheels, these sets are particularly suitable for **project site jobs**. Use of quality material and Class 'H' insulation ensures a long trouble free service life. A **near-ripple-free welding output** is obtained due to the optimally designed electronic circuit and the reactor, resulting in smooth welding with very little spatter.

Single range current control with provision for Remote control (optional), helps the operator in setting the desired current promptly and effortlessly.

Because of high capacity, the **RT 600** is suitable also for Gouging application.

FEATURES

- Robust construction and optimum design.
- Immunity to input supply fluctuation of $\pm 10\%$.
- In-built hot start facility.
- Class 'H' insulation, in-built overload and thermostatic protection.
- High OCV with ideal external characteristic.
- Step-less single current range with optional remote control facility.
- TIG welding facility with suitable accessories.
- Low input rating.

BENEFITS

- Suitable for both indoor and project site jobs even with long cables and cellulosic electrodes.
- Stable arc and quality welding.
- Easy arc striking.
- Longer coil life and total protection of the set
- Low spatter and high metal recovery.
- Precise current adjustment with increased operator convenience.
- Excellent TIG welding.
- Lower power cost and economy in welding.
